Get the most out of your Android TV™ with Google Assistant built in:

Android TV™ provides a smarter viewing experience. Watch blockbuster movies, stream apps, and enjoy multiplayer games. And with the Google Assistant built in, you can do more faster. Ask it questions, discover the best content, control smart devices around your home—all with just your voice.

Basic Troubleshooting Guide

Troubleshooting

No signal on the HDTV

- Check if the HDMI cable is securely connected.
- Check if you have selected the correct HDMI input on your HDTV.

Cannot connect to network

- Make sure the network / internet cable is securely connected and the Ethernet port properly.
- Make sure the Wi-Fi network is connected and the security key for the encrypted network is correctly inserted.
- Make sure you select the correct IP address settings.

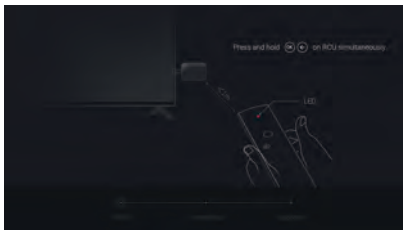

Some HDTV cannot display the entire picture

- Setup the screen ratio on your HDTV as automatic.
- On your HDTV, go to the ratio type, choose automatically display the entire screen.

The remote control does not work

- Make sure the batteries are in a good condition and they are inserted correctly in the remote control.
- Make sure no objects block the path between the remote control and the signal sensor of your receiver.

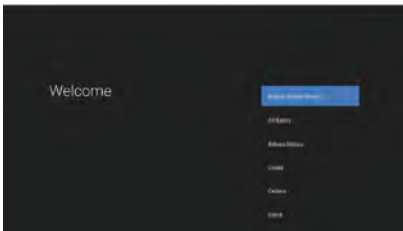

ANDROID TV

Android TV™ brings a world of content to your biggest screen. With the Google Assistant built in, you can quickly access entertainment, get answers, and control devices around your home. Find the latest blockbuster, check the score of the big game, or dim the lights. Just say "Hey Google," or press the mic button on your remote to get started

Basic Troubleshooting Guide

- Make sure the distance between the remote control and your receiver is no more than 5 meters.
- Check the power of your batteries, in case it is depleted, please get them replaced with new ones.
- Make sure the Bluetooth is connected successfully.

No picture or sound

- Check if the Audio / Video output connection from your receiver to your TV is connected correctly.
- In case of no sound: Press the MUTE key.
- In case of no picture: Turn TV on.
